## SUMMARY

MCA fresher with strong MERN stack skills, hands-on internship experience, and 300+ coding problems solved. Built full-stack projects like a learning platform and food delivery app; passionate about scalable, user-friendly web development.

## COURSEWORK / SKILLS

- Web Development
- Web Technologies
- Operating Systems
- Cloud Computing
- Data Structures
- Software Engineering
- Computer Networks
- Data Analytics

## EXPERIENCE

### Intern at SContinent Technologies

Feb 2025 - Present

*Role - Full Stack Developer*

- Developed full-stack features using the MERN stack for web applications.
- Built and maintained RESTful APIs and integrated them with frontend systems.
- Managed MongoDB databases, optimizing queries and data structures.
- Collaborated on UI/UX design improvements using React.js and ShadCN UI.
- Applied Git for version control and participated in code reviews and project management.

## PROJECTS

### Courskill | MERN (MongoDB, Express.js, React.js, Node.js), ShadCN UI

- Developed a full-stack learning management system to enhance student job readiness.
- Designed interactive user dashboards using React.js and ShadCN UI components.
- Implemented RESTful APIs for course, module, and user management.
- Integrated MongoDB for scalable data storage of courses and user progress.
- Enabled secure login and role-based access for students and administrators.

### JustGrabs | MERN Stack

- Built a real-time food delivery platform using the complete MERN stack.
- Developed restaurant listing, order placement, and live order tracking features.
- Designed responsive UI with React for seamless user experience across devices.
- Managed backend services with Node.js and Express for efficient order processing.
- Used MongoDB to store user, restaurant, and order data securely.

## TECHNICAL SKILLS

**Languages:** Java, HTML, CSS, JavaScript

**Frameworks/Libraries:** React.js, Node.js

**Databases:** MongoDB, MySQL

**Tools:** Git, GitHub, VS Code

**Other:** Strong problem-solving skills — 300+ coding questions solved on GeeksforGeeks

## EDUCATION

**Master of Computer Applications (MCA) - CGPA: 8.9**

**2025**

*Sri Siddhartha Institute of Technology*

*Tumkur, Karnataka*

**Bachelor of Computer Applications (BCA) - CGPA: 7.9**

**2023**

*Siddaganga Institute of Technology*

*Tumkur, Karnataka*

## CERTIFICATIONS

- Full-Stack Web Development with MERN Stack - Udemy

## EXTRA ACTIVITIES & ACHIEVEMENTS

- Led academic projects, managed task distribution, and coordinated project delivery.
- Coordinated college tech fests, organizing coding competitions and workshops.
- Participated in online hackathons and web development challenges.
